frozen w. e. f. 01-11-2010 and the same was not available for expenditure. The amounts after reconciliation were to be transferred to Information Department.

The Information Department has now desired that since the departments execute major projects under Plan, the advertisement costs in respect of each of these projects may be loaded on the project itself and the provision so kept for advertisement charges be transferred to the Information Department.

In view of this, the Finance Department reiterates its earlier instructions for compliance by all the departments with further amplification that the advertisement costs in respect of each of the projects may be loaded on the project cost itself and the provision, if any, still kept for any advertisement purposes may not be utilised.
