in all areas or Wards of Municipal Committee, Shopian, to collect garbage
from every house, including slums and informal settlements on a daily
basis by integrating the informal door to door collection system with
Municipal Committee, Shopian collection system.

(2) In order to collect garbage from every house, area-wise specific
time slot shall be set and published at conspicuous parts of that area and
on the website of Municipal Committee, Shopian Commonly, time for
house to house garbage collection shall be set from 5.30 A. M. to 10.30
A. M. for summer and for winter 7:00 A. M. to 11:00 A. M. For collection
of garbage from trading establishments, shops in commercial areas or any
other institutional waste generators, commonly the time shall be from
7.30 A. M. to 11.00 A. M. However, sweeping can be undertaken twice
daily, if required at public and commercial places. The timing for collection
of garbage from the trading establishments, shops in commercial areas or
any other institutional waste generators shall be decided by the Municipal
Committee, Shopian accordingly.

(3) Arrangements shall be made for collection of residual solid
waste from bulk waste generators, which are processing waste *in-situ*.

(4) Residual solid waste from vegetable, fruit, flower, meat, poultry
and fish market shall be collected on day to day basis.

(5) Horticulture and garden waste shall be separately collected and
disposed off. One or two days in a week shall be specified for this
purpose.

(6) To make optimum use of bio-degradable waste from fruits and
vegetable markets, meat and fish markets, bulk horticulture and garden
waste and to minimize the cost of collection and transportation, such
waste shall be processed or treated within the area where waste is
generated.

(7) Manual handling of waste in the containers shall be prohibited.
If unavoidable due to constraints, manual handling shall be carried out
under proper protection with due care for safety of workers.

(8) Waste generators shall be responsible to deposit their segregated
waste in the Auto-Tipper/Rickshaws etc. deployed by Municipal Committee,

Shopian. Segregated waste from multistoried buildings, apartments, housing complexes may be collected from the entry gate or any other designated location.

(9) Changing needs and advances in technology shall be taken into consideration for selection of collection equipment and vehicles. Auto-Tippers or vehicles of specific capacity with hydraulically operated hopper covering mechanism from top having two compartments for carrying biodegradable and non-biodegradable waste separately with a hooter shall be deployed for collection of waste.

(10) Automatic voice recorded device, bell or horn having sound not more than the permissible noise level shall be installed on every garbage collection vehicle used by waste collectors.

(11) Route plans for each primary collection and transportation vehicle shall be provided by Municipal Committee, Shopian or by the notified authorised waste collector. These plans in tabular as well as GIS map form, duly approved by Municipal Committee, Shopian shall mention starting point, start time, waiting points, waiting time on route, end point and end time of the specified route. Municipal Committee, Shopian or the notified authorised waste collector shall provide a Board at each street to display time-table of primary collection and transportation vehicles to allow residents avail the facility at prescribed time. Such information shall also be uploaded on the website of Municipal Committee, Shopian and published in the local leading newspaper periodically for the information of General Public.

(12) In narrow streets that cannot be serviced by auto tipper or the vehicle, a 3-Wheeler or smaller motorized vehicle with hydraulically operated hopper covering mechanism from top having two compartments for carrying wet and dry waste separately with a hooter, compatible with mobile transfer station shall be deployed.

(13) In congested and narrower streets that cannot even be serviced by 3-Wheeler or smaller vehicle, cycle rickshaws or any other type of suitable equipment shall be deployed.

(14) Smaller, narrow and congested streets/lanes where even a 3-wheeler/rickshaw etc. cannot operate, vantage points shall be designated

at the start of the locality/street where the collection vehicle shall be parked and the helper/driver of vehicle shall carry a whistle and walk in the locality to announce arrival of vehicle for collecting solid waste. Time table for such collection system shall be displayed at the notice board and uploaded on the website of Municipal Committee, Shopian.

(15) Auto tippers, 3-wheelers, rickshaws and any other type of collection vehicles engaged in this service shall collect waste only from households and not from any other source viz. dhalaos, open sites, ground, bins and drains etc.

(16) Municipal Committee, Shopian or its notified authorised waste collectors shall be responsible to cover all the streets/lanes of each zone for the primary collection.

CHAPTER IV

Secondary Storage of Solid Waste

6. Storage of solid waste in the secondary storage points.

(1) Segregated solid waste collected from doorsteps shall be taken to waste storage depots, community storage bins or fixed or mobile transfer stations or the locations specified by Municipal Committee, Shopian for secondary storage of waste.

(2) Such secondary storage points shall have covered containers (of specified colour) for separate storage of :

- (a) non-biodegradable or dry waste ;
- (b) biodegradable or wet waste ;
- (c) domestic hazardous waste ;

(3) Different containers shall be used in the areas demarcated by Municipal Committee, Shopian to keep segregated waste in the following manner :

- (a) green- for biodegradable waste ;

No. 26-21] The J&K Govt. Gazette, 28th Sept., 2019/6th Asv., 1941. 21
oo

(b) blue - for non-biodegradable ;

(c) black - for domestic hazardous waste ;

Municipal Committee, Shopian shall separately notify, from time to time, mandatory colour coding and other specifications of receptacles prescribed for storage and delivery of different types of solid waste to enable safe and easy collection without any mixing or spillage of waste, which generators of different types of solid waste shall have to adhere to.

(4) Municipal Committee, Shopian on its own or through outsourcing agencies shall maintain the storage facilities for solid waste in a manner that does not create unhygienic and unsanitary conditions around it.

(5) Containers of various sizes in the secondary storage depots shall be provided by Municipal Committee, Shopian or any assigned agencies in different colours as mentioned in these bye-laws.

(6) Storage facilities shall be created and established by taking into account quantities of waste generation in a given area and the density of population.

(7) Storage facilities shall be user friendly and shall be so designed that it ensures compaction of waste and that the waste stored is not exposed to open atmosphere.

(8) All the housing cooperative societies, associations, residential and commercial establishments and gated communities etc. shall have the responsibility to put coloured bins as prescribed by these bye-laws and to keep adequate number of containers in appropriate places in their own complexes, so that the daily waste generated there can be properly deposited.

(9) Municipal Committee, Shopian or its specified agency shall carry out washing and disinfection of all the bins on a weekly basis.

(8) Transportation vehicles shall be so designed that multiple handling of waste, prior to final disposal, is avoided.

(9) The collection vehicles engaged for the purpose shall deposit/transfer waste only at the MTS (Mobile Transfer Station) or FCTS (Fixed compactor Transfer Stations) wherever provided.

(10) In case MTS/FCTS is not stationed at the designated location at that point of time for any reason, then the loaded vehicle shall go to the next designated location of the MTS or FCTS or the site specified by Municipal Committee, Shopian to unload the waste.

(11) Fixed compactor transfer station shall be transported through hook loader.

(12) MTS or FCTS shall transport the waste directly to compost plant, waste to energy plant or any other site/plant designated by Municipal Committee, Shopian.

(13) There should be no inter-mixing of waste from various sources during the transportation of waste.

(14) The services of street level collection and transportation of waste shall be provided every day including holidays.

(15) MTS engaged in this service shall receive waste only from designated auto tippers, 3-wheelers or vehicle/bins collecting waste from street level operations.

(16) Dedicated MTS shall be deployed at specified locations to receive waste from the Auto Tippers, 3-Wheelers, Rickshaws etc. engaged in street-level and door-to-door collection of solid waste from households and commercial establishments as per the approved route plans.

(17) Design of MTS and FCTS shall allow unloading of waste from primary collection vehicles by consuming minimum time and without littering waste.

(18) Garbage spilled near MTS and FCTS, while transferring the solid waste, should be cleaned so that no spillage is left. Disinfectant should be used after cleaning process at that location.
