Whereas, during the implementation phase of the regulations of the notified plan particularly while sanctioning of building permissions of various Government/Public and Private persons, many discrepancies in terms of land use were observed in which land use of many land patches had been envisaged as Open Spaces, Green Buffer, Vegetation Forest and Water Bodies which being unfit for construction activity had an adverse impact on the creation of infrastructure and other facilities in and around Jammu City ; and

Whereas, many representations were received from public mostly concerning non-compatible land use in the peripheral areas of JMP-2032
